

Welcome back to another Sunol Repertory Theatre performance!

Similar to everyone else, we were pandemic shut down in March of 2020, only getting 2 of our 8 shows completed. No show in 2021 or 2022 at Sunol Glen School but thanks to the Friends of the Park who manage Sunol Depot Gardens, we took on the large task of doing our first outdoor show. After 39 years at Sunol Glen, there is a lot to learn about outdoor shows!

We are completing our run of *Treasure of Shiver River*, started in 2020. All but three original cast members are on stage with us so please see their new bios below. SRT is very excited about being back in front of an audience ... we hope you enjoy watching as much as we enjoy being here.

Lea Blevins (Burlap Bonnie)

Lea is happy to be back with Sunol Repertory Theatre. She was last seen in SRT's "Caught in the Act" in 2019, and has been part of Sunol Rep since 2013. Lea also performs with Encore Players in Livermore, most recently in "The Dining Room" in September 2021. In addition, she was excited to join the cast of "Stage Door" at Las Positas College in March 2020, with the show performing one of two weekends before the pandemic hit. Lea thanks Darren for his support and making sure she eats between work and rehearsals, her mom for being a fabulous actor in her own right, and the friends who attend these shows year after year. As Burlap Bonnie would say, "Aaarrrgh!"

Sandi Bohner (Gail Nail)

Sandi has held a variety of positions with SRT since her debut 19 years ago; many of which were behind the scenes as ticket sales, publicity manager and producer. One of her most memorable and challenging roles was sitting on a couch next to a corpse (Irv Tiessen) for two acts without laughing in "How the Other Half Dies". Sandi enjoys the camaraderie of SRT and especially being involved with a group which donates its proceeds to Sunol Glen School. Sandi and husband Bill manage Stanley Junction Senior Apartments. In 2021, she acted with the Encore Players in "The Dining Room".

Mia Madeline Roster Ricard (Sign Girl)

Mia, daughter of new Sunolians and happy parents, Dan and Jessica is completing first grade at Sunol Glen School. Being "Sign Girl" is a new experience for this busy little 6 year old who has many interests and activities. A sampling of these are Girl Scouts, reading, exploring nature and all its creatures big and small as well as being very, very creative and artistic. She is a sweet and caring animal lover to her chickens that she has raised and her favorite dog Sequoia.
